We have experienced an increase in incidents of student bullying and harassment on the buses. This behaviour will not be tolerated and will result in a long-term suspension of bus privileges or a referral to the college administration. Students experiencing bullying or intimidation on college buses are encouraged to discuss this with the administration team. Students wanting to disembark at a stop other than their designated stop must provide a permission slip signed by the principal or authorized staff member. Student behaviour which contravenes these values or whose actions distract the driver, cause or have the potential to cause harm or discomfort to self or others, is subject to disciplinary action, which includes the following:

- Verbal warning from the administration team
- Written warning
- Termination from the college bus service.

TO THE PARENTS

It is the parents' responsibility to ensure that students have been instructed the college bus rules and administer discipline. Your son/daughter's college bus driver has a tremendous responsibility for the safe and efficient transportation of your wards and keeping to a timely schedule. The college relies on drivers to maintain orderly buses where students are safe. If any student's behaviour jeopardizes the safety and rights of him/herself or others, it is the administration team's responsibility to provide the student with a conduct notice to be taken to his/her parents. Parents/guardians who wish to discuss such a notice are asked to contact the General Superintendent. We will be pleased to discuss your questions and investigate your concerns.

Do not discuss your concerns with the college bus driver. Any type of confrontation can divert the driver's attention from his/her driving responsibilities.

Please read this document thoroughly and make a copy and keep it for future reference.
